LW-Z5000WA

LW-Z5010BA

IT'S IN THE DETAILS.

Superior Print Capacity

High productivity with print speeds of up to 50mm/s and 300dpi resolution. Compatible with both LK label cartridge and BR label roll kit.

Wider Range of Labels

Diverse label materials and colours across a variety of label width from 6mm to 50mm. More cost savings with new BR label roll kit.

User-friendly Operation

Hassle-free set up with simple BR label roll kit design. Customise your labels easily with Epson Label Editor software.

* For LW-Z5010BA only.

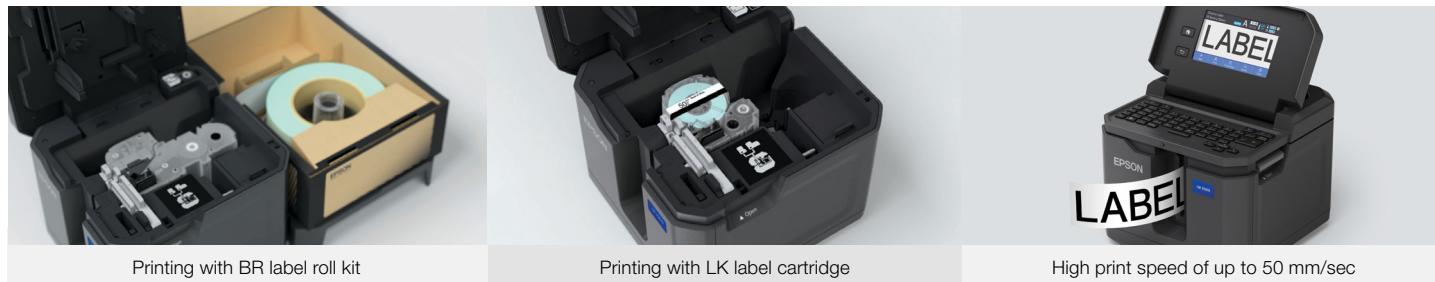

Built for high-volume print

Boasting a 300dpi print resolution with superb print speeds of up to 50 mm/sec*, Epson's LW-Z5000WA and LW-Z5010BA allow you to print your labels with confidence and ease.

Epson BR label roll kit includes label and ribbon for high print volume of up to 50% lower cost per metre compared to label cartridges, and up to 80%** compared to other types of thermal transfer label/ribbon roll.

Enjoy lower total cost of ownership after using just 2 pieces of BR label roll kit as compared to label cartridges.

* Print speed varies when printed on different tape width, tape type, temperature, print density. ** Based on the official price from the website by August 2020.

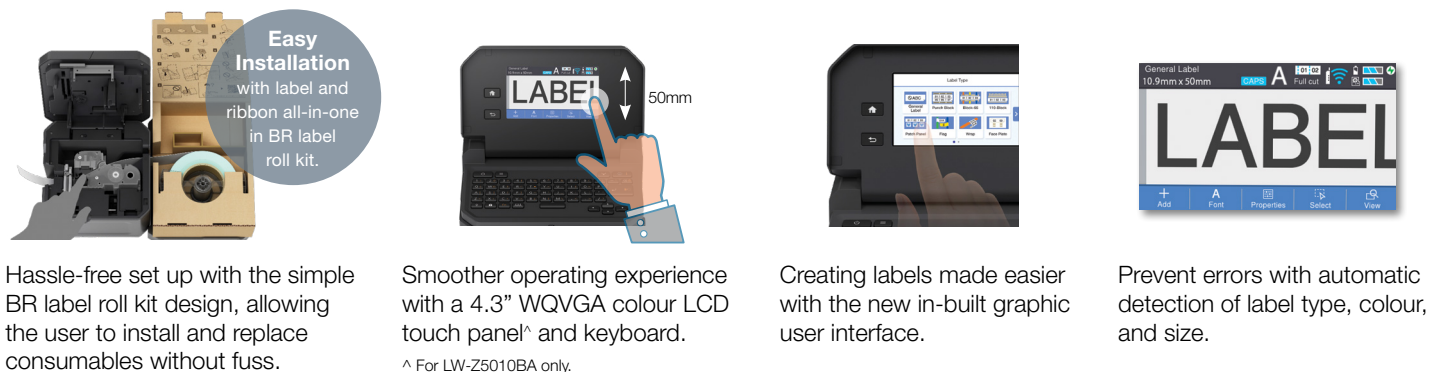

Adapts to your every labelling needs

Accepting labels from 6mm to 50mm in width for print, the printer is compatible with various materials such as PET, Vinyl, Heat Shrink Tube or Magnetic labels to suit both indoor and outdoor label applications. It is also compatible with both label cartridge for onsite printing and brand-new BR label roll kit for high-volume printing.

User-friendly installation and use

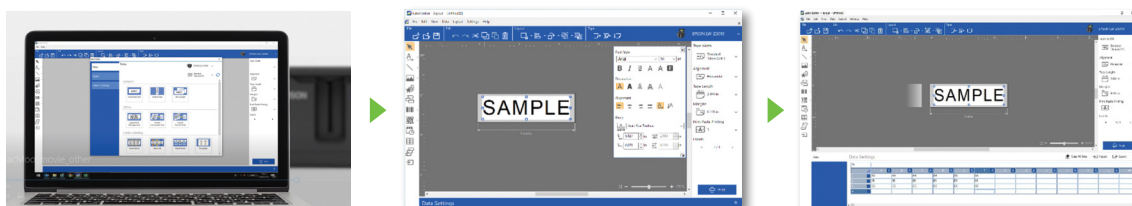

Multiple network-sharing capabilities

Print from anywhere when connected to the same network on your LW-Z5000WA/Z5010BA. With seamless Wi-Fi and Ethernet connectivity, you only need one printer to serve all the users in your workgroup, making it even more cost-efficient for your business.

Ultimate versatility with Epson Label Editor software

Compatible with the upgraded Epson Label Editor software, you can now create a wide range of industrial labels including those that require barcodes, QR codes, sequential alpha and numeric coding. The Epson Label Editor software also allows you to import data for massive label printing.

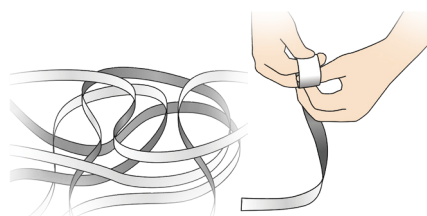

Increase productivity with a peace of mind

Create and organise the roll of batch labels with the optional rewriter.

Auto
rewinding
during the
printing
process.

VS

Waste
of time and
labour with
manual
rewinding.

Print and peel labels easily with the automatic full cut and half cut function. Replaceable cutter is available as an option.

Users can replace the cutter
easily without additional tools

Reduce downtime

Only
1 minute
to replace
cutter unit
by user.

Additional consumables

The LW-Z5000WA and LW-Z5010BA are compatible with all existing Epson LK label cartridges* and new BR label roll kit which are UL certified, high durability for harsh environment condition.
